INDIANAPOLIS. IND., SATURDAY MORNING, JULY 25, 1863.

DAILY SENTINEL TELECRAPHIC: REPORTED EXPRESSLY FOR THE DAILY STATE SENTINGS.

Noon Reports.

From Washington. WASHINGTON, July 23 .- A special to the Her-Relative to the situation of the armies in Virginia to day, as understood here, it is apparent that Gen Meade has the Rebel army completely CLOTHING, BOOTS AND SHOES, entrapped. Le is evidently massing his forces to break his way through to Richmond, but will probably find it a more difficult undertaking than the one at Gettysburg

After all the delay there is now not much prospect of Lee being able to get his army back to Richmond, or even so far as the upper end of the Shenandoah Vailey. A special to the Times savs: Gen. Hooker has gone West. A rumor on the

street says he is to relieve the present commander of the Department of Missouri. But thus far this is merely conjecture.

A special to the Tribune dated July 23, says: The War Department is pushing the organization of colored troops vigorously. The auccesses of our forces in the West have given a new impetus to collistments among the blacks, and it is estimated that by autumn 100, 000 colored troops will be in arms in the Valley | boarded by the week, day or meal. WILKINSON & SULLIVAN.

Intelligence has been received by Commissioner Date of the safe removal of the Sioux and Winnebago Indians from Minnesota, in pursuance of the act of Congress. They are now located Lafayette City and Springfield, Illinois. 11:00 A. M. on the Missiuri river. a few miles above Ft. Ran- To Shippers of Tallow, Lard, Grease, Cincinnati and way mail 11:00 A. The recent expedition of Admiral Lee up the James river was not intended as an attack on THINE UNDERSIGNED, HAVING FOR A NUMBER OF Fort Durling, or any other place. It was simply a reconnaisance, the object of which being at tained. Admiral Lee returned with his gunbonts | terms. Any person desiring our Weekly Circulars can

From New York New Yoak, July 24 -The Herald says: The steamer Circassion arrived at Fortress Monroe on the 21st, from Charleston the 19th. A general engagement was commencing just as she left. Gen. Gillmore had erected masked ! batteries in the woods near Fort Wagner, and expressed no doubt but the attack by himself and Admiral Dahlgren would prove successful. As the early morning shadows disappeared the attack commenced, and a perfect shower of shot and shell was poured into Fort Wagner. The Circassian's orders were imperative, and

she could not stay to see the termination of the Indiana Gentral way mail...... 1:00 P. M. The Times' Paris letter says; There are some strange rumors in circulation [within a day or two which I give you only as rumors. Another change has been made, according to these reports, in the Mexican programme. Mexico is to be placed under a French protecto rate, or to become a colony of France, with a French Prince for Governor.

The Confederates have renounced all idea of regaining the Mississippi river and the trans-Mississippi country without foreign aid. Slidell's visits to the Emperor and foreign Ministers very lately are said to be in connection with this new state of things in Mississippi. They are concecting schemes for an alliance against the United States, with a view of securing, for one Mexico and for the other the Mississippi Valley.

The fall of Vicksburg and Port Hudson, they say, will throw Jeff Davis and Napoleon into each others arms, and will be the final blow which will precipitate an alliance that only hangs fire because the question of the Mississippi will become the hazard turn contrary to expectation. It is this, they say, which makes Napoleon so lukewarm on the question of Poland It is this which makes him continually sav, Mexico is the big affair of the moment, and it is this which has Third Train-6.55 P. M. Ciucinnati Express, arrives at so suddenly demanded such large reinforcements in Mexico, for a whole division under the Vice Roy has been ordered to prepare itself for departure in September, and several vessels are about to sail with reinforcements of artillery, men and material, and set government papers declared after the fall of Puebla, there were enough men now in Mexico to finish the campaign. It is also ascertained on all hands that the Emperor, finding he can't induce England to join him in hostile measures against the United States, or rather, perhaps, not desert us, England should join him, and yet anxious to give himself the aid of an ally, is now treating with Spain on this subject, and that Spain shows a willinguess to second the Emperor's views.

Rumor adds, that Marshal Adonnell, who is now here, and is going north to Berlin, ostensibly for the purpose of consulting the famous oc-12:35 P. M., arrive at Kokomo at 3:10 P.
